Citizens Advisory Comittee To Assist School Board

School Board members decided at their meeting Thursday night to let the entire community, and out-lying communities take a part in the ticklish business of making decisions on school needs and policies by forming a Ciizens Advisory Committee.

This committee will be compirsed of 15 people from various walks of life and representing as much of the Cameron Independent school District as possible.

The first matter on the educationla agenda was the introduction of the superintendent of the Rogers School and two of their school board members. They asked if i would be possible to transfer from 12 to 14 of their negro students to the Cameron O. J. Thomas school. After going over all of the advantages and disadvantages, since the students will bring with them their A. D. A. (average daily attendance) and perhaps make it possible for Cameron to gain another teacher under the Gilmer-Aikens, the board voted to accept them; providing they furnish their own transporatation. Rogers school officials assured them that transportation would be supplied.

The Rogers school plans to maintain their elementary school, consisting of the the first eight grades.

Leo Fuchs, member of the local board, voiced the Cameron boards thoughts on the matter of transfers with, "We want to take everybody who wants to come to our school".

Next it was brought out that the Belmena School property which was sold to high bidder Ozell Angell did not have a clear title on authorities decided to go on and sell the buildings and hold the land until any questions on the title can be settled.

Back taxes on the old Mexican school west of Cameron which was sold to Rube Johnson were brought up at the meeting. Taxes dating back from 1919 to 1923 had been neglected and the board voted to pay them immediately.

Annexation was the subject of the discussion. Board members brought out that satisfactory arrangements had been worked out with Yarrellton School Board officials at a special meeting and that white district would now officially come under the Cameron Independent School System. The matter now rests with the County School Board.

A request from five negro students in the Burlington school district who wish to attend school in Cameron was presented. It was decided to acceptthe transfers if they would provide their own transporatation.

Two new teachers were approved and hired for the coming school year. Kelly will be one of the Agriculture-Shop teachers and Miss Lousie Jameson of Jones Prairie was hired as librarian to replace Miss Mary Jo Boyd who resigned this year. Both the teachers were hired upon good recommendations and several years experience. Board members brought out that they are having a difficult time in finding a math and science teacher to replace Mrs. Herbert Nance, who resigned this year, and a replacement for Forrest Sapp, who also resigned.

The board members voted next to increase the wages of Mrs. Jackie Clements, secretary to W. T. Hanes, Superintendent, to $2,400 per year from $2,100 a year. Dr. C. G. Swift, president of the board, commended Mrs. Clements on her work and said that the raise in salary would bring her wages more in line with other school personnels.

School taxes were set at $.135 for the year of 1955, in accordance with tax rates in the past. $1.00 will go for maintenance and the 35 cents for bond retirement.

Other matters receiving an affirmative vote from the board was (1) Letting the Chamber of Commerce use a school bus for a tour to various farms in this area by interested farmers, businessmen and citizens; and (2) o.k.'ing the proposed Kiwani-Knights of Colum bus baseball game on the Yoe Athletic Field on July 19.

MISS BARBARA TIEMANN, 16 daughter of Mr. and Mrs. E. H. Tiemann of Thorndale. Miss Tiemann is a junior at the Throndale High School. She is a member of the Walter League at the St. Paul's Lutheran Church.

Cameron Student One Of Two Winning Banking Scholarship At Baylor University

Two high school graduates were selected Monday as co-winners of the Banking Scholarship at Baylor University, sponsored by the Citizens National Bank of Waco.

Announcement of the scholarship winners was made by Dr. Aldon S. Lang, Baylor School of Business Dean and a member of the committee which chose the winner.

"The original plan called for only one winner," Dr. Lang said. "However, these two students had such high qualificiations that we found it hard to choose between them".

"Fortunately, we were allowed to nominate them both, due to the generosity of the scholarship sponsor," Dr. Lang stated.

A 1955 graduate of Waco High School, Gardner Kendrick, son of Mrs. Roger Powell, 2100 Colcord Ave., was one of the winners. Kendrick was a cheer leader at Waco High, amember of the Debating Club and Demolays, and was a "senior favorite" nominee.

Also winning the scholarship is Phillip Wayne Fisher of Route 3, Cameron. He is the son of Mr. and Mrs. George .N Fisher and a graduate of Yoe High School, where he was valedictorian.

Among the honors Fisher claimed at Yoe High School were student government, debate, history club, choral club, tennis, golf and band.

Kendrick and Fisher will both get full benefits of the $1,000 scholarship their first year at Baylor. A committee will then choose one of them to retain the scholarship for the remaining three years The selection will be made on the basis of work done during the first year.

Both winners are eligible to begin college study at Baylor this fall.

First Annual Horse Show July 22; Trophies In Order

Horse enthusiasts from as far away as Louisiana have been contacting John Batte, local chairmn of Cameron's first annual Horse Show scheduled at the Yoe High School Athletic Field July 22.

Batte reported that two out-of-town judges have been selected. One will judge the quarter-horse show and the other will judge the classes in the regular show.

Those planning to enter horses in the quarter-horse show were reminded by Batte that each horse must be accompanied by a certificate of registration, since the show is A. Q. H. A. approved.

He stated that it looks like the show will be very successful, with about 15 to 20 entries in each class expected.

The Quarter-horse show will begin at 3 p. m. with a trophy to be presented to the grand champions.

Annual Horse Show Highlights Activities Here Friday p.m.

Trophies for the Cameron Horse Show have arrived and have been placed in the show windows of Berniece's Dress Shop.

The trophies are displayed in a western setting appropriate for such an occasion.

Cameron and Milam County is recognized throughout the state for it's fine horses. The local club hopes that everyone will dress in western regalia in keeping with the spirit of the horse show.

Time has been set for the outstanding event Friday as follows: 3 p.m. Quarter Horse Show; 5 p.m. The parade and at 8 o'clock the Grand Entry.

Jesus Gonzales, 10 At Scottish Rite Hospital, Dallas

Jesus Gonzales, 10 year old son of Mr. and Mrs. Henry Gonzales, of Cameron, was admitted on Friday, July 8, to the Scottish Rite Hospital for Crippled Children in Dallas.

Texas Scottish Rite Masons founded the hospital more than 30 years ago in an effort to provide a chance at a normal life and a useful place in society for the handicapped child.

The Scottish Rite Hospital has accepted almost 100,000 children for treatment since 1925. An expert staff, plus unique physical facilities and dedication to the welfare of the child, make it an outstanding treatment center which serves the entire state. I is supported by public contributions and bequests.

Five Year Old Child Accidentally Shoots Self

MISS FRANCES VOGELSANG, 20, daughter of Mr. and Mrs. F. W. Vogelsang, Cameron, Texas, Rt. 1. Frances was an honor graduate from C. H. Yoe High School in 1953, and is attending Southwestern University, Georgetown, Texas. She held office as a state officer in the F. H. A.

A 5 year old child, Austin Roger Colwell, accidentally shot himself at 9 a. m. Wednesday at the home of his grandparents, Mr. and Mrs. C. N. Noey. The accident happened on the P. W. Davis farm, Carl Black, sheriff, reported.

Sheriff Black said that the child shot himself in the left nostril with an automatic pistol, the bullet coming out the back of he head.

Judge B. G. Rice said the child was dead upon arrival at the Newton Memorial Hospital and was taken to the Green's Funeral home where services are pending.

The mother of the child, Mrs. Austin Colwell was in the living room at the time of the shooting but had her back to the child and did not notice him playing with the gun.

Mrs. Colwell and her two children were visiting in the home of her parents. Mr. and Mrs. Colwell live at Hitchcock, Texas.

Funeral services for Austin Roger Colwell, Jr. 5, were held Thursday, July 14 at 2:30 p. m. from the Chapel of Green's Funeral Home. Rev. H. M. Bowley, pastor, Full Gospel Tabernacle conducted the services.

Interment in Oak Hill Cemetery.

Melons, 'Maters, 'Loupes About Gone; Cotton, Grain Looks Fine

Watermelon harvest in Milam County has passed the mid-season mark due to the increasing hot weather. The crop has been plentiful this year and an increase in acreage is evident.

The increase in acreage has been in the lower parts of the County lines, although some inbeen in the lower parts of the crease has been noted in other sections. The top price paid for melons earlier in the season was $1.75 per hundred pounds. The price has dropped this week to about a third of a cent a pound at the patch.

The quality of melons is much better now than earlier in the season but with such a heavy crop being produced the price has been lower than in prior years. There are numberous varieties grown in the deep soil of Milam which is noted for its top quality melons.

The tomato crop is still being harvested but will not last too long under thois blisterning heat. The price has not been too satisfactory this year due to the dry weather in the spring and such an abundance of rain the first part of June.

J. L. Foster, local produce merchant, stated Tuesday that he has shipped out thirty-five carload lots of watermelon by rail and some thirty truck loads, all raised in Milam County.

Foster revealed that he has shipped some thirty carloads of tomatoes this season. He also gave a report on the cantaloupe situation. Foster has loaded about fifteen trucks of his luscious favorite. Both taste and quality has been good this season.

Only about one-half of the crop was harvested also due to the sudden heat. Many fields with thousands of bushels gone to waste, can be seen from the highways over the county.

Harvest of grain is due to begin in a week or ten days. The maize is especially good in most parts of the county. The heads of grain are turning the deep orange color which is a good indication that harvest time is just around the corner. The bumper crop of corn over the county is one of the best seen in years. One farmer reported the squirrels have been working on his along the fence rows in his bottom lands and the turning rows on the hill lands.

Different reports relative to the cotton situation have come in from sections of he county. Some say dry weather is needed; others indicate that a good rain would help the cotton in general.

A farmer from Burlington and Yarrellton said the ground was cracking in the middles of the cotton rows like they've never seen it before. Some say this is an indication that the cotton is putting on fruit when the ground btgins to crack in the middles; some farmers however continue to plow to keep the middles from cracking to heavily.

Boll Weevil infestation is heavy in some areas of the county due to the rank growth of cotton caused by the beyond usual amount of rain in the month of June.

A view of the whole picture of the agricultural situation of the county is good and prospects are bes in several years. Merchans from the city will make a tour of certain areas of the county Thursday morning to see the bountiful grain and other crops.

Highway Engineers Present Road Picture At Banquet Wednesday

The Annual Highway Banquet was held at the Cameron Country Club, Wednesday, July 13, 7:30 p. m.

Twenty-nine people were in attendance; eight members of the State Highway Department from Bryan, Members of Milam County Commissioners Court, Mayor and Aldermen, County Judge, County Clerk, County Auditor, Members Committee from the Chamber of Commerce and the manager of the chamber.

The local press was not issued and an invitation, therefore did not attend.

J. E. Blair, State Highway District Engineer, was the chief speaker. He presented the over-all picture of the highway situation in Milam and added that in the 1930's Milam County has some of the best highways in the state but that in recent years had gone down considerably and farm below those in surrounding counties.

Judge Smith reported on various phases of the road program and went on to say that the main thing holding up the road program was finances, which included an $80,000 expenditure in reference to purchase of right-of-ways.

Blair also labelled the underpass as a hindrance to traffic and said it would have to be made larger to tke care of a four-lane highway and parking space along the highway. There are no plans for widening the underpass at present he added.

Roy Griffith acted as spokesman for the council. He expressed the council's appreciation to the highway department for their patience in waiting for the right-of-way.

Gene Blake had charge of the food arrangements which included a chicken barbecue.

Clergymen Eligible For Social Security

Clergymen and Christian Science practitioners may now proved for may now provie for their own retirement by voluntarily coming under the Federal social security program, James B. Marley, district manager of the Sustin Social Security Office, announced today.

Recent amendments to the social security law permit ministers and members of religious orders who have not taken vows of poverty and Christian Science practitioners to afford social security protection to themselves and their families, Mr. Marley explained.

This choice of coverage is on an apply to earnings before 1955. Coverage will be exended only to those individuals who file an affidavit expressing their desire to minister who elects coverage is come under the program. The considered self-employed, and, if from the practice of his minstry, his net earnings exceed $400 a year, he will pay the social security self-employment tax at the time he files his income tax return 1957, to file an affidavit requesting coverage: however, if he want credit for his 1955 earnings, he must file his affidavit by April 15, 1956. Once an affidavit is filed, the minister must conniteu under social security everyyear thereafter.

Ministers and Christian Science practitioners who desire further information regarding the social security program are urged to write or visit the Austin Social Security Office. A leaflet, OASI-10 is available for interested clergymen and Christian Science practitioners.

Local Cattle Market Remains Steady

O. A. White, manager of the Camerno Livestock Auction barn, announced that cattle prices, contrary to most markets over Texas, remained steady here Thursday.

In most places over the state prices dropped in this weeks market.

He reported a good run of cattle this week, with 526 from local farms, being auctioned off. The only drop, he stated, was in the stocker bulls, which dropped about 50c per hundred.

Cameron's market on butcher calves remained at 22.20 although the Ft. Worth market dropped to 20.21 this week.

White said that a good run of cattle is expected next week if the dry weather continues and farmers can't supply their cattle with enough grass.

Henry Michalka Attends Dallas Meeting Friday

Henry Michalka, of Michalka Motors, Studebaker dealer here, has returned from a major meeting with officials of the company in Dallas when he learned that sales of Studebaker passenger cars and trucks in this region are running ahead of the national pace.

The meeting was one of the first to be held throughout the United States in which the company's sales heads and dealer organization are launching Studebaker's strongest sales promotion program since before the war.

William A. Keller, Studebaker general sales manager, told Mr. Michalka and other dealers that Studebaker produced more cars in the first five months of this year than in the first nine months of 1954, and that constantly rising sales have reached a volume more that 50 per cent higher than the comparable period in 1954.

No Injuries From Mishap on 190 Monday Morning

John Blansitt reported that there were no injuries in the mishap at the intersection of Highway 190 and 486 at 7:30 Monday morning.

Blansit said that Mrs. Nita Blacksher of Snyder, was driving a 1954 Chevrolet west on 190, collided wth a 1941 Chevrolet driven by Frank Masar of Rt. 1 Cameron who was coming out of the side road known as the Maraksville road onto the highway.

Mrs. Blacksher's three children Lucy, 15, Gary 8, and Cathy 3 were in the car with her. They were taken to the hospital but later released with no serious injuries reported.

Both cars were heavily damaged.

Team ... First Game of Season, 22 to 4

Two players were missing from Texas League Team No. four on Thursday evening causing the team to lose their first game this season. The highly touted nine, having mopped up the field with all of the other Texas League teams in the past, felt the tag of retaliation Thursday when Team Two thoroughly trounced them in a 22 to 4 ball-game.

The winning Team Two started off with a bang, five runs in the first inning and scored in every inning of the game. They made two in the second, six in the third, one in the fourth and four in the fifth. The loser scored all of their runs in the ecsond inning.

Battery for the winners were ...on the for the hind the plate.

In the second Texas League game of the evening Team Three won their game from Team One with a final score of 21 to 10.

The winners started off sharp with eight men crossing the plate in the first intnning, four in the second, one in the third, four in ers was Salazar with Floris be- the fourth and four in the fifth.

Team One scored three in the third, six in the fourth and one in the fifth.

Battery for the winners was B. Bryson pitching and R. Williams catching. Pitching for the losers was G. Blake with Veazy catching.

New Law Increases VA Guaranty of GI Farm Loans

World War II and Korean conflict veterans will find it easier to get GI loans to purchase farms on which there is a home or to construct or improve farm houses under a new law recently signed by the President.

The new law increases the Veterans Administration quaranty of GI farm loans made by private lenders to 60 percent of the loan with the maximum guaranty of $7,500 on the following three types of loans:

...he purchase of a farm on which there is a farm residence to be occupied by the veteran as his home. The guaranty would cover not only the farm and residence but include all other buildings which are considered as part of the realty.

2. For the construction of a ... debtedness inst the land, the increased guaranty can liquidate that lien if the indebtedness doe snot exceed the reasonable value of the land.

3. For the repair, alternation or improvement of a farm residence owned by the veteran and occupied by him as his home. Such repairs, alternations and improvements must protect or improve the basic livability or utility of the farm residence.

VA said the new law puts the three types of farm loans on a parity with GI home loans — both of which now carry the 60 percent up to $7,500 guaranty.

Soil Conservation District News

Supervisors: Edwin Fischer, A. W. Butts, Paul C. Graves, Clarence L. Stock and Hal Hartrick.

J. Tom Williams planted about 15 acres of buffel grass this spring. oak sand and now it is lapping in This grass was planted on post the middle of thee foot rows. The high and should make as much ed ahy or it will give more grazhay per acre as any other planting per acre than anything growing in that area.

The ASC is cost sharing this project. Buffel grass is highly recommended by the ASC and the Soil Conservation Service. If you want to see what you are missing take the highway East out of Rockdale and go Eas$_t$ about two miles and turn left at the Sandy Creek church. You will notice the grass on the right hand side of the road about 1½ mile$_s$ North from the Sandy Creek church.

Herbert Menn is one of the few that had success with his buffel grass planting last year.

Menn's farm is abou$_t$ 3 miles north of Rockdale. He disk the land where he planted his buffel grass and followed the disking had a perfect seed bed prepared before he planted and got up almost a perfect stand.

King Ranch Bluestem grass is one of the best permanent pasture grasses being grown in the eastern half of the Iittle River - San Gabriel Soil Conservation District at the present time according to E. W. Flieller, soil conservation servic technician assisting the district.

K. R. is no wonder grass, Flieller is quick to add, but from an all around standpoint it is a good grass. It is finding a place on more and more farms of the area. K. R. has been ahighly controversial grass from the time of its introuduction. A look at performance on the ground will answer most questions as far as this area is concerned.

K. R. is out producing both Buffalo grass and Bermuda grass from a tonnage stand point on most soil units we have here, Flieller says. Beyond that, it is being grazed in preference to both of these grasses on pastures where they exist side by side.

The desirable features of K. R. for this area remain as they were originally presented several years ago and shape up in this manner. It is readily established from good quality seed and can be easily planted. It is a very competitive grass while becoming established and dominates most competition under good management.

It is suited for waterways of wide flat design on gentle to moderate slopes. Its growth performance is directly related to the fertiliy of the land on which grown but does have an outstanding ability to produce favorable growth on quite poor soils. Cattle graze K. R. readily and seemingly develop more of a taste for the grass as they remain on it. Melilotus indicate sweetclover combines well with K. R. to provide a longer grazing period. It is a prolific seed producer.

Seed harvest prospects for this this year are favorable for a heavy harvest, Flieller states, provided good summer and or early fall rains are realized.

23,000 Texans Enter Armed Service In First Six Months '55

A total of nearly 23,000 Texans entered the Armed Forces by enlistment and draft during the first half of 1955, with more than 34,000 residents of the Lone Star State being separated during the same period.

This was reflected Thursday in a statement issued by state Selective Service headquarters, based on monthly reports to national Selective Service headquarters.

Of the nearly 23,000 Texans entering the uniformed services, the big majority went in by enlistment Nearly 19,000 were reported by the armed services as enlisting, Lieutenant Colonel Morris S. Schwartz, deputy state draft director said.

The state's draft boards ordered nearly 4,000 men into the Army during the firs$_t$ six months of the year, Colonel Schwartz said, and he added that many ofthesevo- year, Colonel Schwartz said, and he added that many of these volunteered for induction, as authorized by Selective Service regulations.

Men going into the Army The figures for enlistment and separation include those of all the armed forces departments, such as Air Force and Marines.

During the first six months of 1955, Texas draft boards sent 2,958 men for physical-mental examinations prior to final consideration for military service. Of this number, 1,188 were turned down by Army examining authorities. Final acceptability of a draft registrant is decided by the Army.

Birth Certificates Immunization Papers Be In By Sept. 1

The Summer vacation is almost over and school days are once again right around the corner.

Wiley Loughmiller, principal of Ben Milam Elementary School cautioned parents not to wai$_t$ too much longer to get a cretificate of immunicaion from their family doctor and a birth certidicate for their per-first graders.

He advised that parents consut their family doctors about necessary immunizations, although small-pox is the only one required for entering school.

Loughmiller stated that the simplest way to get a childs birth certificiate is to write to the city hall, in the city in which the child was born, if born in the city limits or to the county courthouse if the child was born out of the cty lmts, along wth 50 cents n coin and a birth certificate will be maled.

Both of the certificates must be on record with the local schoo prior to the childs entering the firs grade. Loughmiller state that he would be at the schoo every day after August 15 and the documents could be given to him at that time if the parents so desired, or hey can be mailed to him, Wiley Loughmiller, P. O. box 495, Cameron, Texas.

It is expected that approximately 100 children will register for the first grade this year.

First Grade teachers are Mrs. Martha Harris, Mrs. Mary Lawrence, Mrs. Mildred Barr and Miss Nell Mayes.

Tennis Meet Postponed to July 25

Coach Leo Jackson announced today that the tennis tournament for the Summer Recreation Program youngsters has been postponed one week, until July 25.

He stated that the reason for changing the date from July 18 at originally planned was because of the Kiwanis - KC baseball game scheduled for Tuesday night and the Horse Show coming up Friday night.

He added that registrations will continue to be accepted all during this week. Those wishing to enter competition can contact either Coach Jackson or Miss Dallie Young.

Engine Wear Reduced 40% with Trop-Artic Motor Oil

(THE DIFFERENCE IN WEIGHT IS A DIFFERENCE IN WEAR!)

IT'S PERFORMANCE THAT COUNTS!

The difference in piston ring wear illustrated above proves an important point about the performance of motor oils:

Most engine wear occurs when you first start your car or under stop-and-go driving conditions with an engine that hasn't warmed up. It takes a very special kind of oil to flow quickly and protect your motor when you start, and then to protect moving parts from sludge and varnish *after* the engine heats up. TROP-ARTIC All-Weather Motor Oil gives you this *double* protection. Compared to older types of oils, it can even *double* engine life.

In a motor oil it's performance that counts. And TROP-ARTIC gives *super* performance! You'll get easier starting . . . save gasoline . . . and you can save 15% to 45% on oil consumption. Get TROP-ARTIC from your Phillips 66 Dealer.

Quarter-mile lengths of welded steel rail curve around a foothill like wire cable.

Not a "clickety-clack" in a carload

It's Santa Fe's new continuous welded rail...
Fewer joints mean a smoother ride for you

An occasional little click—that's all you'll hear of the old "clickety-clack" as you glide over stretches of new continuous welded rail on the Santa Fe.

And these stretches will be growing longer and more frequent on Santa Fe. For we're laying more all the time—103 miles of it this year.

In fact, we're using a new *electric* welding process (for the first time by an American railroad) to help bring Santa Fe's new smoother ride to more people, more goods.

But that's only part of the story.

Just as a railroad is no better than its track, track itself is no better than what's underneath it—the roadbed, the ties, the ballast. So we've been busy with new improvements here, too.

For instance, our own specially-devised ballast "dry cleaner." This unique machine cleans our ballast, keeps it more resilient so the track lies flat and even.

And today we're replacing old ties with longer and stronger new ones—specially treated to *stay* strong and sturdy for 30 years and more.

Day after day, something new is being done to make "America's New Railroad" even newer and better. Santa Fe is spending many millions of *earned* dollars every year for new roadway and new equipment. And not one penny comes from the taxes *you* pay.

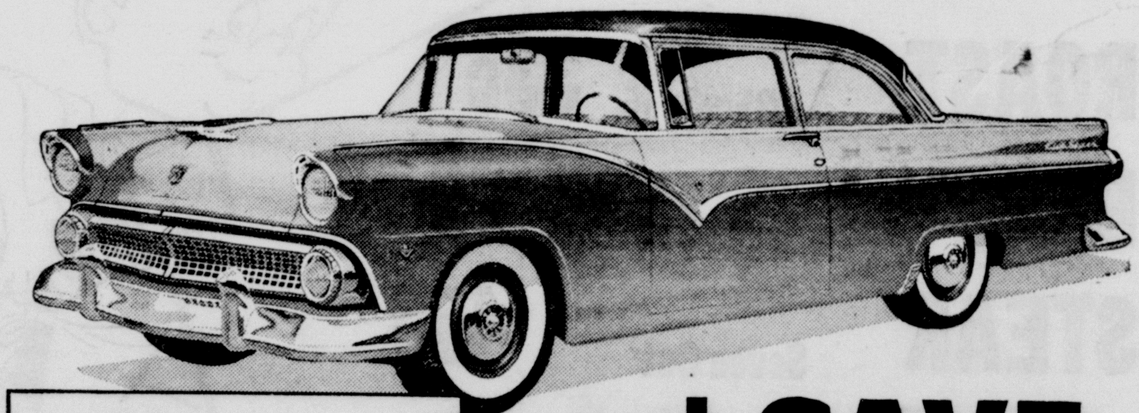

SANTA FE SYSTEM LINES

What about expansion in these quarter-mile rails?

Near Newton, Kansas, where yearly temperatures vary from 20° below to 114° above, we laid a 5-mile experimental stretch of welded rail. Here we found that anchoring the rail to every other tie restricted expansion to the area between anchors. Thus, overall expansion was reduced to the merest fraction of an inch between rail ends. In other words, expansion is no problem whatsoever.

BIG CAR RIDE

Plymouth, the biggest car of the low-price 3, gives you the smoothest ride of the low-price 3!

If you appreciate the comfort and smooth ride of a big car, Plymouth is just the car for you! With either the thrifty 6-cylinder PowerFlow 117 or the high-flying Hy-Fire V-8, Plymouth conquers the road so masterfully you're apt to forget it's a low-price car.

Greater length for smoother ride: Because Plymouth is much longer and larger than other low-price cars, it gives you the smoother, steadier ride that only a big car can give. Over-all, Plymouth is 17 feet long!

New shock absorber mounts for more direct control: Plymouth's famous Oriflow "shocks," now longer than ever before, are mounted inside the front coil springs for direct 100% pillowing action. And new non-parallel control arms minimize body tilt.

Wider rear springs for greater stability: Plymouth's rear springs have been widened to a full 2½ inches (wider than on either of the "other 2" cars). This means far more twist resistance and less sidesway on curves.

New steering gear for easier handling: Plymouth's new low-friction steering gear gives you the easiest handling this side of Plymouth Power Steering. The wider front tread improves cornering and keeps the car more nearly level when turning.

Why pay up to $500 more for a car smaller than Plymouth?

Don't be fooled by the claims of medium-price cars that they cost practically the same as Plymouth. When you compare price tags, you'll find that, model for model, Plymouth sells for much, much less, and gives you more car for your money!

Wayne Mann New Commander Of Legion

Local American Legion members elected a new slate of officers at their regular meeting Tuesday evening.

Elected to fill the post of Commander was Wayne Mann, replacing Robert Glenn who filled the position during this year. Jimmy Wiggs was made first vice commander; John Florida, adjutant; Milton Fuqua second vice commander; Ed Manning was re-elected Finance chairman.

Other re-elections included Roland Carr to the post of Chaplani; H. B. McClellan as service officer and W. R. Whitley as master at arms. Jack Dubois was elected to serve as post historian.

Installation of the new officers will take place at their regular meeting Tuesday, August 9.

At the beginning of the meeting the two boys, Don Howard and Clifford Angell, who were sponsored by the American Legion to attend Boys State, gave talks on their experiences while at the governmental convention.

Following the business meeting the 60 members present held a barbecue supper. In charge of the arrangements were Ed Kohutek, Clarence Rummel and Buck Whitley.

Delegates to the State convention of the Legion, which will be held in San Antonio July 21, 22, and 23, are John Zarosky and Joe Richter. Anyone else able to attend was urged to do so by Glenn.

Supply of Vaccine For Private Patients Not Due Till September

If Polio Vaccine shipments get underway as planned, Milam first and stcond graders will receive their second shots starting Monday, July 18, Dr. John Bryson of the local Health Unit reported.

He stated that out of 983 signed requests for shots by students in the county, approximately 804 had received the first shot, with 124 requests for shots by private physicians and 55 missed or refused the first of the series.

Bryson urged that all children already having had the first shot be certain to get the second since only partial immunity was set up with the initial vaccination.

Private physicians in the city stated that they did not expect any shipments of caccine for private patient use until near September, after the public shots to school children is completed.

Contradictory to wide-spread belief, September is not the end of the polio season but the height of it in most of the United States, and this is when Polio is at it's peak in Texas.

The Doctors added that although the first shots will give a measure of immunity, and perhaps full immunity to mild cases and an alleviation of paralysis in acute cases, full measure of protection will not be had until next year when the first booster shot is given. Up until this time, since the program is comparitively new, doctors said, it is not known how often booster shots must be taken, that only time will tell how long these first shots will give immunity.

The following suggestions have been released by the Texas State Health Department for the benefit of those not receiving the public shots, to safeguard themselves and their children until such time as they can be innocculated:

"The virus of poliomyelitis has been found in the nasal and respiratory passages, and intestinal tract, of humans, and has been isolated from the secretions and excretions of these areas. It is quite apparent that control measures should be directed toward preventing the spread of the virus from these sources.

mer and fall months when poliomyelitis is most liable to occur:

1. When suspicious symptoms (headache, undetermined fever, vomiting, drowsiness, stiffness of neck or back) appear, a physician should be called at once.
2. Sudden chilling and over-extrtion should be avoided.
3. Elective surgery involving the nose and throat areas should be postponed when poliomyelitis is prevalent.
4. Good personal hygiene, especially of children, is very important at all times.
5. Children should avoid crowds and sick persons when poliomyelitis is prevalent.
6. Individual home sanitation should be perfected to include protected water supply, waste disposal and proper control of rats and insects, especially flies and mosquitoes.
7. Community sanitation should "The following suggestions should be taken during the sumbe rigidly controlled the year around. The following recomendations are offered:

a. Approved water and sewerage systems.

b. Proper disposal of garbage and other waste products.

c. Sanitary supervision of public swimming pools.

d. Adequate supervision of all food handling establishments in order to assure compliance with State Food and Drug Laws, especially regarding sterilization of dishes and utensils.

Need For Used Clothing Stressed

Have some good used clothing stored up and no worth-while place t oput it or anyone to give it to? If so, you are just the person the Used Clohing and Linen division of the local Welfare Office is looking for.

Last month several community and humanity minded ladies and the Three Arts Club instigated a program in Cameron whereby all used clothing, towels, sheets, etc. are collected in the office next to Roy Baskin's law office, upstairs in the buikding. These clothes and linens are then distributed to needy families in Milam County.

It was explained that all clothing for all age youngsters, from infants on up, and for women are badly needed.

The office will remain open to accept used clothing all day Thurs day, July 21, from 9:30 a. m. until 12 noon and from 1 p. m. until 4 p. m.

Mrs. Niley Smith and Mrs. O. B. Hardin, who will be in charge of this department for the day, Cameronites, and all those living in Milam County to make a special effort to bring in some used clothing on this day.

Miss Joyce Weichert Becomes Bride of Fred B. Allen in Austin Ceremony

Mr. and Mrs. Fred B. Allen Jr., who were married at the University Baptist Chapel in Austin recently have returned from a honey moon spent at Corpus Christi and are now at home at 806 East 14th Street in Austin.

Rev. Lory Hildreth, read the double ring ceremony and Mr. Buthe wedding music. Herbert Becford Weslund of Austin furnished ker also of Austin was soloist.

Mrs. Allen is the former Joyce Weichert, daughter of Mr. and Mrs Paul Wiechert of the Edgeworth community near Rogers. She attended Rogers public schools, the Western Union Training school in Springfield, Mo., and is a graduate of Durham's Business College at Austin. She is presently serving as secretary in the Dean's office, College of Business Administration at the University of Texas where she has been employed for the past six years.

The groom, son of Mr. and Mrs. Fred B. Allen Sr. graduated from Knoxville high school, Knoxville, Tenn. He attended the University of Alabama while in the service there. He is currently serving in the Air Force at Bergstrom AFB.

The bride given in marriage by her father wore a white ballarina length dress of net over taffeta with net roses tapering down the full skirt. She carried a white Bible topped with carnations and white satin streamers tied in French knots. Her accessories were a single strand of pearls and pearl earrings.

Miss Marjorie Britsch, of Hondo, her only attendant, wore a pale blue dress and carried a bouquet of red sweetheart roses. Don Fallin of Sacramento, Calif. attended the groom as best man and Jim Swearingen of Austin served as Usher.

For her daughter's wedding, Mrs. Weichert wore a pink bemberg dress with white accessories, and a corsage of white mixed flowers.

Immediately following the ceremong, a reception was held at the home of Rev. and Mrs. Charles Summers, 1603 Pearl, Austin.

The brides table was laid with a lace cloth and held a center arrangement of stock and gladiolas.

Misses Peggy Prewitt and Grace Gresser served and Miss Arlyn Boehnemann presided at the guest book.

Miss Bonny Gill Is Bride Shower Honoree Saturday

Members of the Marlow Baptist Church and other citizens of the community honored Miss Bonny Gill with a bridal shower Saturday night at the Marlow School house.

Miss Gill is the bride-elect of Henry Lee Burnett who is a resident of that community, and the son of Mr. and Mrs. Grier Burnett.

Mrs. Theo Allen had charge of the games, assisted by Mrs. Sherwood McClaren, Jr., who also read a toast to the bride. Mrs Morris Coward registered the guests.

The bride's table was centered with an arrangement of queens wreath with white streamers with ivy to the edges and at either end. Mrs. Clint Bollinger and Mrs Wesley Pratt decorated the brides box which was laden with many beautiful gifts. The honoree was assisted by the groom-to-be in opening the gifts which were displayed for guests to see.

At the conclusion of formalities soft drinks and cookies were offered for refresments.

Presbyterian Circle Meets This Week At Robbins Home

Members of the Business Women's Circle of the First Presbyterian Church met this week in the home of Mrs. Katherine Robbins.

Miss Lenora Bickett, chairman, presided with Mrs. R. J. Woodum, special guest at the meeting, giving the opening prayer.

The Bible lesson was given by Mrs. Sally Kate Johnson.

The principal discussion of the evening, labeled "Let's Talk About It", taken from the Presbyterian Women's magazine, was moderated by Miss Bickett. She gave informative data on the subject of the day, "Do We Value Our Citizenship", pointing out that it is necessary for a really good citizen to take part in civic and city government affairs. The more people participating in civic programs, the better the program.

Following the meeting the ten members present adjourned to the back lawn for a social hour with the hostess serving tea sandwiches spice cake and punch.

Their next regular meeting will be in August with the exact date and hostess to be announced at a later date.

Monday Tea-Shower Honors Bride-Elect

Mesdames Clifford Carlyle, Dicky Scott complimented Miss Bonny Gill with a tea shower at Mrs. Carlyle residence. 1004 N. Houston, Monday afternoon from :30 to 5:30.

Thirty guests called during the appointed hours. The bride's chosen colors were carried out in the motif with the refreshment table being centered with an arrangement of small red rosebud.

Mrs. Craig Magee, Jr. and Mrs. B. O. Bartlett served punch, cookies and nuts.

Janet Laffere Has Party on Birthday

Mrs. Leon Laffere celebrated the fifth birthday of her daughter, Janet, with a swimming party in Rockdale Friday afternoon.

After the swimming party, refreshments of birthday cake, icecream, and bottled drinks were served to the following small guests, Henry, Jr., Susan Abel, Cathy and Shirely Laffere, Cathy, Linda, Virginia and Ray Abel, Barbara Pimpler and the honoree Janet Laffere.

Favors were ballons, bubble gum, and candy cones.

Mrs. Laffere was assisted by the mothers of the children, Mrs. Henry Abel, Mrs. Leroy Laffere, Mrs. Floris Abel, and Mrs. Erwin Pimpler.

Miss Mary Jo Boyd Becomes Bride Of Mr. Rueben Boss McDonald

Nuptial vows were exchanged by Miss Mary Joe Boyd and Reuben Boss McDonald at the First Methodist Church in Cooper, Tuesday, June 28. Dr. Mark Magers, pastor of First Methodist Church at Anahauc read the impressive ceremony.

The bride is the daughter of Mr. and Mrs. J. T. Boyd of Cooper. Mr. McDonald is the son of Mr. and Mrs. R. B. McDonald of Mart.

Floor baskets of pink gladioli behind the chancel rail flanked by pink tapers in seven-branched candelabra formed an arch as the background for the wedding party Baskets of comador fern completed the altar decorations.

Miss Shirley Horstmann was soloist using "Because," "With This Ring," and "The Lord's Prayer", as nuptial selections. Mrs. C. C. McKinney provided the accompaniement for the soloist and rendered the traditional wedding music.

Altar tapers were lighted by Miss Susan Rosson of Cameron and Mrs. B. G. McDonald of Sherman.

The bride entered mid-way the strains of Lohengrin on the arm of her father. She was adorned in in a gown of blush pink of chantilly lace over satin. The gown was designed with a bodice fastened down the back with laced covered buttons, a portrait neckline and long sleeves, tapering to petal points over the wrist. The skirt of lace was worn over hoops and crinoline, extending in a sweep in back. Her veil of silk illusion was caught to a pearl tiara. She carried a white orchid with stephanotis atop a white Bible.

Matron of Honor was Mrs. Thomas P. Awbrey, sister of the bride of Washington, D. C. Bridesmaids were Miss Susan Rosson and Mrs. B. G. McDonald. All of the bride's attendants were identically dressed in bouffant gowns of pink crystalite and each carried a colonial bouquet of pink crown asters.

R. M. Van de Pass, Texarkana, attended the groom as best man. Ushers were Robert Templeton, Cooper, Royce Rogers, Hearne, Otto Steiner, Austin and Lewis Siqut of Rosebud.

A reception was held in the education building of the church following the ceremony.

The centerpiece on the refreshment table was an arrangement of pink crown asters and styrofoam wedding bells.

Mrs. J. C. McKinney, assisted by Mrs. Fred Newman served cake and Mrs. J. C. Tynes served punch. Mrs. W. I Bartley and Mrs D. Todd assisted in serving. Miss Laura Jo Taylor registed the guests. Other members of the house party were Miss Patsy Skeen, Mrs. Joe Choate, Miss Lola Nell Morgan and Miss Lorena Dorsey.

For traveling, the bride wore a dressmaker's suit of powder blue broacaded cotton with white accessories.

National Guard Back Home After Successful Cam pSessions At Hood

The officers and enlisted men of Battery C, 649th Anti-aircraft Artillery Battalion came rolling back to their home station in Cameron from North Fort Hood by M-42 tank and half-track, truck and jeep on Sunday morning, July 10, ending their two weeks of National Guard summer camp and sending it into the record books.

The Guardsmen arrived back at the Armory in Cameron at 10:44 a. m. Their motor convoy earlier had crossed the IP at North Fort Hood right on schedule at 8 a. m. for the start of the return trip home.

The return home climaxed a rugged schedule of training that had kept members of Battery C out in the field for almost the entire week. The gun crews moved out early on Tuesday morning, July 5, to the gas car range on Sugar Loaf for firing at moving ground targets. There the M-42 tanks and half-track M-16's were jammed so close together along the firing line that there often was only inches between them, and the din of firing was deafening. Then on Wednesday and on Thursday the Guardsmen moved to the RCAT range on Sugar Loaf and the gun crews spent the two days in practice firing at the fast and elusive little radio controlled planes, bivouacing in the field over night. And on Saturday morning crews and vehicles moved out on an RSOP — Reconnaissance and Siting of Positions — into an area of the Fort Hood reservation the terrain was so rough and steep that even a jeep in 4-wheel drive had difficulty in making the grade.

So much of the training was out in the field, in fact, that Capt. James T. Terry, Battery C's commanding officer, was heard to remark that after only twelve days in camp he had spent ten in the field.

The Guardsmen's training, while rugged, paid off in several ways. One Regular Army officer, who was observing it, was so impressed that he was reported to have remarked:

"I don't see how you do it. In the Army, it usually takes several days to get ready to do anything like this. But you fellows in the Guard just pack up your equipment, load up and move to camp, unload and get settled all in one day — and start training the next morning."

Another result was the high ratings on performance given the units of the 649th by the Inspector's report. Battery C placed second in the Battalion with 693 points, only 5 points below Battery B with 703. Headquarters was rated at 687 and Batteries A and D tied with 682.

Just before dismissing the Guardsmen, M-Sgt Peter F. Kunz, Battery C's First Sergeant, in a short speech thanked the men for their co-operation during the camp Capt. Terry also spoke briefly, expressing his appreciation for the good work done by the unit, and hoped Battery C would be the top unit in the Battalion next year.

Battery C's members brought home a payroll of $6,158.55 for the two weeks.

A number of routine business transactions were approved. Changes in classification of grades at Marak from six to seven and at Marlow from seven to eight were also taken care of.

The board approved the Thorndale bus route. All other routes were approved at the June meeting. Approved the cooperative agreement for teachers. The following appointments were made. Mrs. Virgie Gant, itenerant teacher, Mrs. F. E. Jackson, the school nurse, Mrs. Emma T. McDermott, special librarian, Mrs. Jesse Bankston, visiting teacher and Mrs. Ida Belle Lewis as supervisor.

Braves, Indians Win Monday In Little League

Little Leaguers are beginning to look like their elders, the Major leaguers in their ball games every Monday evening. In the first ing to nothing ball game for the first five innings with the Braves scoring their one and only run in the extra inning, for a "skin of their teeth" win.

With two men out the Braves sneaked their winning run across the base.

Pitching for the winners was L. Edmondson with Veazy catching. Lucky was the pitcher for the White Sox with Eisfeldt catching.

The Yankees took the second game with an eight to 0 win over the Indians. They scored two runs in the first, five in the third and one in the fourth. Battery for the winners was Fikes on he mound and Pate behind the plate. Griswold was pitcher for the Indians with Johnson catching.

Virginians Receive Milam Cantaloupes From Lake Family

Mr. and Mrs. Bill Brown, 1821 N. Danville St. Arlington, Virginia received a crate of Milam County cantaloupes from Mr. and Mrs. Will Lake on July 4.

Mrs. Brown writes of her appreciation to the Lake family for their kindness and consideration in sending them the melons. She related how delicious the cantaloupes were and it is such a treat to get something from their "old home county," as well as being remembered by old-time friends.

Mrs. Brown wrote that her husband put all of them in the refrigerator in the basement of their home, and said the cantaloupes were the best they had ever tasted.

Bobby Glenn Kills Huge Rattler On Farm Monday

Bobby Glenn has done it again.

Monday, Bobby was fixing fence for his dad on their farm in the Jones Prairie Community. In the process of stretching some wire near a 'gulley, he saw something crawling that appeared to be a snake.

Bobby immediately became curious and went to see what it was. After going a few steps, he discovered it was a rattle snake, and what a "whopper" it was Bobby thought to himself. He took the grubbin' hoe and chopped the head of the snake off. The snake measure sixty inches without the head and was eight inches in circumference.

Last year Bobby killed a rattler that was sixty-seven inches in length and has killed six in the past few years. Bobby's father, Robert Glenn who is employed at the ASC office said that Bobby gets a lot of enjoyment out of killing the rattlers. He said there were lots more snakes in that area of the county than there were ten years ago.

Bobby is 16 and a junior in high school.

One look tells everyone you've graduated from the low-price field

Yet you can own a big super-powered Mercury for less than 13 models of the low-price 3*

The neighbors will think that you got a raise—when actually you'll be *saving* money!

For example, on first cost. You can buy a big 188-horsepower Mercury Custom 6-passenger Sedan for less than 13 models in the so-called low-price field.* And that's only the beginning of what you save . . .

Our record sales mean record allowances. Mercury is one of the year's hottest cars. Our quick turnover, high volume, lets us give you more for your present car.

You save on future resale value. Mercury consistently leads its field for resale value according to independent market reports.

Remember, too, that Mercury's famous economy and stamina keep operating costs low—help make Mercury one of the lowest-cost cars in its class to own.

In Mercury's lowest-cost Custom series you've got 4 models to choose from. For a few dollars more you have your choice of 7 more models in the Monterey and 198-horsepower Montclair series.

We invite you to stop in at our showroom to see and try the model that fits your needs and budget best.

*Based on comparison of manufacturers' suggested list or factory retail prices, using a Mercury Custom 2-door Sedan (not illustrated).
